Sheffield Hemlock Small Bends, 6 to 8 lb., clear.....	43c
Sheffield Hemlock Small Bends, 6 to 8 lb., branded.....	41c

Our "Good" Buffalo Slaughter sole is same leather as the "Prime," only difference is the brand, which costs less. We make special prices for six sides, Bends or Backs.

Strips of Hemlock Sole

13 or 6½ inches wide; 16 to 26 inches long.
Cut from Prime Slaughter Backs.

	Per lb.
Center Strips, heavy, medium or light.....	55c
Shoulder Strips, medium and heavy.....	45c
Neck Strips, mixed substance.....	40c
Sheffield Strips, light or medium, clear solid.....	47c

Strips are economical, because there is very little if any waste in them. Hemlock sole leather always wears well in hard service.

California Oak Sides

Hard or Flexible Rolled.

	Per lb.
Prime Light Clear, 16 to 19 lb.....	36c
Prime Light with brand, 16 to 19 lb.....	35c
Prime Heavy and Medium, 20 to 24 lb.....	38c
"A" Heavy and Medium, 20 to 24 lb., one brand.....	37c

We cannot always send Clear Sides, Backs or Bends in California Sole because they are usually branded, so when we cannot send clear as ordered will have to send branded.

California Oak Backs

	Per lb.
Prime Clear Backs, light medium, 10 to 12 lb.....	44c
Good Branded Backs, Light and Medium, 10 to 12 lbs.....	43c
Heavy Clear Backs, 13 to 16 lb.....	46c
Heavy Branded Backs, 13 to 16 lb.....	45c

Please remember that California Sole is usually very spready, not extra thick.

GET THE BEST

Button Attaching Machine

HAS STOOD THE TEST OF YEARS

Elements of superiority of the Elliott Machine not possessed by any other make.

1. It feeds the buttons and makes the staple automatically. This saves the hand manipulation necessary in using plain tube machines.
2. It is the *only* automatic machine *provided with tubes* whereby you can use colored or large sized buttons.
3. It feeds the wire from a coil, which enables the user to avoid loss incident to handling loose staples.
4. It refuses to feed the wire fastener unless a perfect button is in position.
5. As you pay only for the number of fasteners actually attached, the Elliott is the most economical machine on the market.

Makes its own fasteners from wire on a coil, threads the fasteners into the eye of the button and then clinches it on to the shoe, *all with one movement* of the treadle. A wonderful machine which is *prized* by all who use it.

Price, Lease of Machine, with wire for 5000 staples, \$20.00

Extra wire, In quantities, of 20,000 or over, - .60 per M.

Less than 20,000 - - - .65 per M.

When ordering wire for Style 9 Machine specify wire with Round Keys.

Our Maintenance Plan

If you have in or out of use an old Elliott foot power machine, we will give you a brand new machine for it, free of charge and agree to keep the machine in working order. If it breaks we will send another good one to take its place. All that you do is this: buy 100 coils Elliott wire at 60 cents per coil each time that you need wire. Is this not a liberal plan? You can't lose. The Elliott Maintenance Plan is put in on 10 days trial,—Write us for copy of contract.

Scholl's Arch Supports

Have satisfied and pleased thousands. Endorsed by physicians as the most scientific means of correcting flat foot, weak or broken down arches, rheumatism.

Scholl's Arch Supports and "Foot Eazers" are constructed after lines which are anatomically correct and the direct result of many years study and experimenting by a specialist. The materials are best, the shape of every arch plate made to support the bones of a human foot, is shaped correctly and sized so that proper and equal bearing comes to all feet.

Scholl's Tri-Spring Arch Support

The SCHOLL TRI-SPRING ARCH SUPPORT is uniquely constructed to afford proper support to the bones of the arch, gradually but permanently raising them to their normal positions. Provides that spring and elasticity so essential to comfort and in bringing the muscles back to the body's weight. Made of German silver and oak leather. Retails at \$3.00 the pair.

Wholesale price, per dozen pairs \$18.00

The Foot-Eazer

There'll be no more tired, aching feet—callouses, flat-foot or cramped toes. Only self adjusting and light weight arch made. Fits all feet—any shoe, worn with great ease and no breaking in. Elastic pressure just where it is needed. Biggest seller in our book. Retails at \$2.00 the pair.

Wholesale price, per dozen \$12.00

The Arrowsmith Adjustable Arch Prop

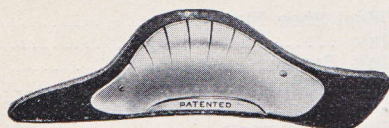

The Standard Instep Support

Made of German Silver

Nine out of ten people suffer with their feet. Much walking, standing, or the wearing of imperfectly fitting shoes causes the arch of the foot to lower until flat foot is the result, with its attendant, misery, unless preventative measures are adopted, the only device which can render an atomic support and relieve all suffering is the **Arrowsmith Adjustable Arch Prop**. The sole of the foot is properly supported and through its adjustable feature the arch may be

raised gradually until the normal height is reached. The choice and arrangement of material is such that the wearing of it is painless. This feature, together with its adjustability, is highly appreciated by all those who have experienced the comfort gained by the use of this device.

CATALOGUE, OCTOBER 4, 1909.

"QUOTATIONS"—All prices named are correct—when changes are necessary a circular price list will be issued. All quotations on Leather Taps and Blocks are subject to change, and we reserve the right to make higher or lower prices, whenever tanners' price to us is changed.

"GENERAL TERMS"—2 per cent discount for cash in 10 days, or 30 days net; or we allow 3 per cent discount for cash when bills are paid promptly within five days from date of invoice on open account. We allow 4 per cent discount for cash over the counter when purchases amount to \$5.00 or more. We deduct 4 per cent cash discount from bill when goods are shipped by **Express, C. O. D.**, and 4 per cent discount when goods are shipped by Freight with Bill of Lading attached to sight draft, less 25 cents off the discount to pay bank collection fees. Special discounts do not apply to contract goods, upon which manufacturers make our selling prices and terms, or Sewing Machines.

We prefer to **not** ship by freight C. O. D. when the amount is less than \$5.00. For small amounts we advise our customers to send the cash with order and save expense, as well as getting the full discount. Parties unknown to us will please send \$1.00 with order as guarantee that goods will be accepted. The amount sent will be deducted from invoice.

To Our PATRONS:—

We are pleased to send you our complete catalogue, in which you will find everything that is wanted by Shoemakers, Shoe Dealers, and others who carry a line of shoes. Should you need anything in our line that we have not listed, please write us for particulars. We will make our shipments to you through any wholesale house in Des Moines when requested. We will appreciate all orders sent us, and do our level best to give satisfaction. We fill all orders same day we receive them. Assuring you of our desire to serve you, and hoping to have a liberal share of your patronage, we are,

Very respectfully,

Chrome Tanned Sole Leather

WATERPROOF and FIREPROOF

Easy to cut, but will not take water; to render flexible warm it; cannot be soaked. Best wearing sole leather ever made; will wear twice as long as the best bark tanned leather. Try a strip and be convinced. You will buy it again. Price of strips is made according to size and substance. Strips are cut 6½ inches wide, 30 to 40 inches long, and run light, medium and heavy. The light will outwear twice the thickness of bark tanned leather.

Price per strip, each **\$1.25 to \$2.50**
 Bends 12 to 15 square feet. Per sq. ft. **75c**
 Sides 25 to 35 square feet. Per sq. ft. **55c**

Chrome sole cuts into taps as cheap as bark tanned, and you get 25 cents per pair extra for using Chrome. Can be either sewed or nailed.

CAT'S PAW

CUSHION RUBBER HEELS

MADE of the finest quality, lightest weight, longest wearing rubber that can be obtained, regardless of cost.

CAT'S PAW Heels mean satisfactory sales and profits, because the features which give them superiority are easily seen. Dealers who handle **CAT'S PAW** Heels quickly realize their advantage when the **repeat orders** come in from satisfied purchasers.

CAT'S PAW Heels won't slip on ice or muddy sidewalks—the friction plug takes care of that.

CAT'S PAW Heels wear far better than leather because of the combination of high grade rubber and the friction plug.

CAT'S PAW Heels make walking easy and overcome the tiresome jar caused by the combination of hard heels and hard sidewalks.

Order a stock of **CAT'S PAW** Heels and see how quickly they vanish from your shelves.
